Mr. Fenn enjoying one of his many hobbies.

Lincoln Fenn is a man often spited by the idler, but renowned by the astute learner. In rue of our travels through the educational curriculum, no man has stirred our state of minds to these new and broader landscapes of learning as Mr. Fenn.

"I try to be modern", I recall him saying. He doesn't have to be. The universality in his knowledge, wisdom, tolerance, and open-mindedness bridges the gap between our times, though his clothes and technical know-how may drag (personally, I like his threads!).

We, the Senior class, recognize this man as a role model. The vast reservoirs of insight and knowledge he posses, and his kindness, temperance, and simplicity are exemplary. So, as we depart from RHS we also bid adieu to the classroom of one of our heroes, Lincoln Fenn.

SADD, or Students Against Drunk Driving, is a dedicated group of students that use their club time trying to come up with alternatives to drinking. The members of SADD provide non-alcoholic beverages, put on dances, make posters, and suggest things to do that do not involve drinking and driving. Because drinking, and drunk driving are such problems in society and the youth of today, the group really comes face to face with a challenge in their efforts to inform their peers.

National Honor Society in a group of seniors that earned the position is the club by having at least at 3.3 grade point average at the end of their junior year. All members of the club must work hard throughout their senior year to maintain the GPA, and their place in the National Honor Society. The group is led and structured by science teacher Betsy Chase. Part of being in National Honor Society is attending all of the mandatory meetings and doing various activities that affect the community or school. One such project for the 1995-1996 school year was hosting a banquet for all of the exchange students in the beginning of the year. Each exchange student was invited and asked to bring their favorite dish from back home. The banquet was a get-to-know-you type activity to help welcome all of our friends from abroad.

LISTENIN', COUNCILIN', HELPIN', GIVIN' ADVICE

Mediation is a group of students that are taken from GMTI and have participated in a 32 hour training course in order to be able to handle any situation. These students are called in to diffuse situations before they get out of hand. The devotion of these few awards them credit as sound listeners and problem solvers.

Mediation: Front row l. to r; P. Booream, K. Nuggent, A. Pratico. Back row l. to r; E. Louras, H. Brown.

Right: Erica Louras, member of Mediation, takes careful notes.

Diversion is a special board of people that specialize in coming up with an ulterior punishment for juveniles who commit misdemeanors. Instead of going to court and possibly jail, these people present their case to the diversion board and hopefully are able to walk away with a cleaner record, but still pay for the crime they committed. The members of the board are always rotated and the cases are always different. "It's a big responsibility because we are ultimately deciding the fate of these people" -Angela Pratico

The Key Club is a non-profit club which is part of high schools throughout the country. Key Club, a branch of the local Kiwanis Club, organizes fund-raisers and service projects for the community. Some of the benefits hosted by the Rutland High School Key Club are a junior high dance, Thanksgiving baskets for needy families, a Christmas party at Forest Park, sleigh rides, and pool parties. The club is an excellent way to give something back to the community, and help to provide for those people who are in need.

The "dead" prepare to claim another victim.

Communications is a semester class run by Mr. Jerry Kreitzer, or Mr. K as he is affectionately known. The relaxed atmosphere and the easy-going nature of the class makes it a favorite for everyone. Mr. K leads every group (or class) through a series of "real world" skills such as decision making, listening skills, and stress management. Among other small projects and a wide assortment of group work, the classes usually combine to pull off one major project. In the 1995 school semester, the project was Red Ribbon Week. In an attempt to keep the school informed of the growing problem of alcohol and drug abuse the Communications class made non-alcoholic beverages, designed posters, and held a Death March in which a large number of students dressed in black and painted their faces white and played "dead for the day". Students were able to get an idea of what the alcohol and drug statistics mean, and the effect it could have on our school.

SPIRIT WEEK

SENIORS

RAIDERS ROCK!

During one action packed, fun filled week at RHS, all of the classes bonded together in attempt to outdo one another in school spirit. Hallways were decorated, a pep rally was held, school colors were worn and cheers were invented. Each class participated and everyone gave it their all. The winner? The SENIORS! The week could rightfully be called "Senior Spirit Week!!"

When I sit back and look at our team, I'm amazed at how far we got. But it just goes to show you how our teamwork and dedication to each other had produced such an unforgettable season. - Matt Bloomer Senior Captain

The eight seniors of the Rutland High School Boys Soccer helped lead Rutland to its best year ever. Their record doesn't even come close to showing how hard the team worked this season. Narrowly losing 5 of their defeats by 1 goal, the gave #1 ranked CVU a shock by almost winning their quarter playoff game. Breaking the Rutland High School record for wins the team can be proud to say, "I was on that '95 team!"

The Raider girls soccer team ended their regular season play on a strong note. After a slow start, not seeing a win until their sixth game, the girls pulled together and managed to achieve four wins and two ties. During their last home game, every player's effort was 100% and they beat well respected Springfield, 1-0. Another unforgettable win, came when the girls shut out cross-town rival MSJ.

The J.V. and Freshmen teams deserve recognition as well. They were extremely skilled this year and are providing a wonderful foundation for future varsity teams. Keep an eye on girls soccer at RHS in the future!

The Rutland Raider Field Hockey Team pulled off another great season, and another state championship. The captains, Heather Brown, and Megan Tinker led the team to a record of 11-0-3 for their season. In the championship game Cindy McFarren scored the winning goal.

J. J. John finishes the race to become the new Cross-Country state champion.

Ryan Biddescombe and other members of the RHS boys team decide to enjoy some post-race push-ups.

Kristen Carlson and Lisa Marshall strive to beat two runners from Rutland's main opponent, Essex.

Lean on me. Lisa Marshall, Kristen Carlson, and Joya Tetrault help support each other after the race.

CROSS COUNTRY

Both the boy's and girl's teams this season showed marked improvement over last year due greatly to the strong sense of team that has developed among the runners. Coach McClallen cited numbers, team activities, and leadership as reasons for the success of the teams.

The boys were undefeated in their dual meet record and finished far better at States than in the past. "We have a lot more team spirit and we're more serious because we have a better team overall," said Co-Captain Lynn Berry. Fred John and Sean Gallagher qualified for the

New England meet. John finished fifth overall at the meet.

The whole girl's team qualified as they defended their Southern Vermont Championship and Division 1 runner-up titles. "This year I've noticed more enthusiasm and hard work," said Co-Captain Kristen Carlson. The team ran strong the whole season and earned their trip to Connecticut.

The overwhelming spirit of both teams enabled them to go far this year and expect even more for the future.

Cheerleading at RHS is the backbone of school spirit. Without the cheerleaders to shout encouragement and inspiration, the fans would be lost. Both fall and winter athletes can count on the cheerleading squad to boost up their self-confidence. The Raiders Cheerleaders placed second in the state this year for division one. All eleven of the winter cheerleaders are impressive, using routines that are both challenging and entertaining.

The Varsity Boys Basketball program was under new coaching this season. Coach Kinsman, who took over for Coach Thompson, saw many improvements in Rutlands team this year. Coach Kinsman's confidence shows on the court, where the Raiders are striving to be the best. There is a lot of talent on the team, including Seniors, Aaron Boynton, Dave Paller, Aaron Carboneau, Chris Mayhew, Aaron Bailey, and Mike Stempek. With the addition of Freshman, Jake Eaton, the team started the season with high expectations, and was able to carry their enthusiasm throughout the season.

One thing Wright will never complain about is the effort he got from his players. "It was a great team effort," said senior Sara Wormwood, who had 12 points in her final game despite feeling ill and being on antibiotics that had not had time to take affect.

The 1995-1996 Girls Varsity Basketball team had another great season. The Raiders were led by Sara Wormwood and April McCullough, the only two seniors on the team. The raiders lost in the playoffs, but gave their opponents (St. Albans) a tough match. Rutland shows a lot of promise next year, with the return of many talented underclassmen.

The Raiders have only two seniors — Wormwood and April McCullough.

"They had great careers. April was very consistent. She's always there and Sara is like the backbone of the team," said Wright.

The Rutland High School Ski team is really amazing. The teams (both cross country and downhill) brave the cold and are known statewide for their success. The downhill team is looking for their fourth consecutive state championship. The alpine skiers spend their afternoons training and it really pays off! Rutland High is the proud home of some of the top skiers in the state!

"The girls are so aggressive. They take care of business. They're not cocky, but they have a lot of spirit," said McClallen.

Wilson had a combined time of 1:37.43 to take the individual District title and the times of her supporting cast were 1:38.12 for Hersh, 1:40.09 for Henrichon, 1:41.89 for McCann, 1:43.37 for Fingon and 1:53.75 for Cole.

"Melissa has been since she was a freshman," said McClallen of Henrichon, a junior. "And Andrea has been skiing even, solid in both the slalom and GS."

The encouraging aspect of all this for Rutland is that there is not a senior among the Raiders' top skiers. Heather Brown, the Raiders' No. 7 skier, team captain and long senior, could have the unusual distinction of being a member of a four-time state champion ski team come March.

Raiders' Sean Gallagher Takes Classical Title

By RANDY HOLHUT
Correspondent

WOODFORD — The Gallagher jinx ended Thursday as Rutland's Sean Gallagher became the first member of his family to win a state individual title in the Division I state nordic ski championships at Prospect Mountain Ski Area.

Sean Gallagher entered the boys' classical race as the odds-on favorite to win. He didn't disappoint, as he streaked through the 6.5-kilometer course in a time of 22:27.58 seconds faster than his nearest competitor.

"It was a great race," said Sean, who started 18th. "The course was excellent; just a little climbing at the start and a lot of rolling hills after that. I could just hammer on the first part and cruise through the rest."

The Raider Ice Hockey team had a lot to live up to. Going into the season as Division 2 State Champions, the guys have high hopes. With only two seniors on the team (Ryan Maxfield, and Darren Colutti) the Raiders were set to work hard. With the focus on playoffs at the end of the season, Rutland is ready for anything.

The 1995 RHS tennis season was an exciting one. The boys team was newly coached by Frank Dorsky. The girls' Varsity team also gained a new coach, Steve Miller, who donated an abundant amount of time and energy helping the girls make their way to the quarterfinals. There were enough girls interested in tennis that, for the first time RHS was able to add a J.V. team, coached by Mrs. Berezowski.

The Raider Golf team had a terrific season, as usual. They played well at every meet they participated in. Their coach, Mr. Charles French, put his love of the game of golf toward a beneficial season for students at Rutland.

TRACK & FIELD

The boy's and girl's young squad both wanted to polish the shining potential that began to break through at the end of the season. Their true talent helped them achieve some outstanding performances at States.

The boy's only scorer was Eathan Barron. Although, they competed well as a young squad and remain optimistic on their prospects for next year.

The Lady Raiders proved their strength at States. The girls narrowly lost to Essex in the last event, but were able to walk away with the Division 1 Runner-up title and the determination to win it next year.

Both teams should be proud of their accomplishments and of all the effort and work put behind them.

Rutland's Jill Sabotka took the mound and went the distance as the Raiders' defeated the Springfield Cosmos 6-0 in a Marble Valley League softball game played Friday. Sabotka gave up only three hits in the game, which is something the coach Rutland coach Dick Wright attributed to the players in the field.

"We played good, solid defense behind Jill," he said.

Erron Kinsler and Meredith Bagley each went 2-for-3 and provided the offensive spark as Rutland came up with four runs in the fifth.

"We started out slow," Wright said. "We didn't bat well until the third inning and we got a couple of key hits, but out big inning was the fifth."

Rutland improves to 6-2 on the season.

He's really coming around for us," said Kinsman. Rutland is 10-6 overall and 5-2 in the league. "If we finish like we are capable of, we can finish in the top eight and get a home game in the first round of the playoffs. I think that's the most we can hope for," said Kins-

Our High school days have come to an end. Our lives have been filled with friends, family, teachers, and thus far. High school is now part of our past with our accomplishments serving as a foundation to what lies ahead.

It is time to move on, and what is in store we do not know. The future is in our hands. What we have to do is seize the opportunities that will enable us to grow as people. Everyone has the ability to achieve their dreams, let nothing hold us back. We are all unique individuals, who have a tremendous amount to offer to the world around us. As we go our separate ways, high school will always be our common root to the paths we choose. Let's cherish the memories we have made forever in our hearts.

Best of luck in all our endeavors.

"Oin-Ga!" said Mr. CPH as he sat in the Pit with a scone and a plastic juicy animal. "Yar Yar" said he while jogging over 33 acres to reach Super K for a chocolate napkin. He watched Satan Claus & Plastic Jesus carfight at Regionals-"This is gross, er, great." He bought yarn with wampum and went to bed for synchronized sleeping. Sick of his life, he became surveyor of hemp at Denny's, and with his ring of power served eggplant to Godzilla. "The buffet is closed" he said one day, and I would have protested, but hey, let the black flower blossom as it may.

Long in coming, ephemeral in passing, graduation is upon us. Crazy, but such is life. Never forget, perception is reality. Chaos is the form of the universe, and therein lies divine order. So go transcend this existence, swirl your karma with that of the universe & become one. Come hither and dwell where thou will be content. Love all, spurn contempt, accept what is, yet be complacent not. Perfection is in change. Greetings: AT JS BS JC Early daz TA LH TG JP PC LP NR JW L8R. JS MTH CM Gazebo and Signday. Peace be with you, and May the Universe be happy.

Rick Ziegler II

You Never Thought ...

You would change so much
Friendships c O uld last so long
any h U man could do so much work in 4 years

Courdoroy W ould be fashionable
Cr O ss Country would win the most trophies
Proms co U ld be so interesting
Apathy wou L d set in so quickly
School D ays would get shorter

Rutland would G et a new mall
The R utland, MSJ rivalry would last so long
Nature of m A n would be politically incorrect
Jerry garcia would D ie
There wo U ld be another "Woodstock"
You'd have 3 princip A ls in 4 years
AP T ests would be so hard
High school could s E em so far away

IN MEMORY OF ...

JOY MARIE GOSINKSI

NOVEMBER 18TH, 1978-JANUARY 2ND, 1990

8-29-79

Joy brought happiness to everything around her. She was full of energy and her smile was contagious. Joy was a caring and kind individual, and we miss the contribution she would most certainly have made to our class activities. All of us who knew her, whether from school, dance class, or church, feel extremely lucky to have had a touch of Joy in our lives.

We miss you, and we will never forget you, for you hold a place in all of our hearts.
